

# LED RETROFIT CAN

*You will never be left in the dark with City Lights as your parts supplier.*

**29014**

**16 Watts, up to 650 Lumens  
3000 Degrees Kelvin, 80CRI  
With 65W-BR30 Brilliance**

**HIGHER TECHNOLOGY.  
HIGHER EFFICIENCY.  
HIGHER STANDARDS.**

- > Zero emission of harmful ultraviolet or infrared wavelengths(No IR/No UV).
- > Zero mercury means no costly recycling.
- > **DIMMABLE.**
- > Uses as little as 25% of the energy of a 65W-BR30 incandescent lamp and 50% of the energy of compact fluorescent downlights.
- > Rated life span up to 50,000 hours 20 years.
- > Operating 6 hours a day, LED lighting lasts 50 times the life of incandescent lights and 10 times the life of compact fluorescents.
- > Save hundreds of dollars by replacing one incandescent lamp with a **CITY LIGHTS LED** recessed downlight.
- > System includes all of the components necessary for an easy, quick, and secure installation into any available 6" recessed lighting fixture.

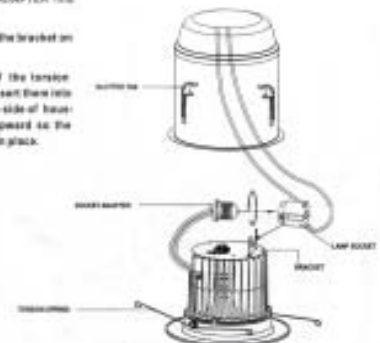

**120 Volts AC**

## ASSEMBLY AND INSTALLATION

1. Thread the SOCKET ADAPTER into the LAMP SOCKET.
2. Snap lamp socket to the bracket on the top of trim.
3. Squeeze the arms of the tension spring together and insert them into the notched tabs on the side of housing. Push the trim upward so the springs hold the trim in place.
